

# Laser Tag Parties

Laser tag or laser skirmish is a high tech live gaming experience where players use infrared phasers to tag players on the other team, via sensors on their headbands and phasers.

It is non contact, long lasting fun that can be played indoors or outdoors, in your backyard, a park or party venue (ask us for options).

Laser tag can be enjoyed by all ages from 5 years up, including mum and dad!

## Laser tag party pack:

- ⊕ 10 x phasers + 1 x controller
